

Services

Why Choose WMC

We believe healthcare should be advanced, accessible, and truly centered around you. Combining world-class medical expertise with cutting-edge technology, we provide comprehensive services designed to enhance your health, confidence, and overall well-being.

Our team of highly skilled specialists ensures that every patient receives personalized care in a warm, safe, and professional environment. Whether you're seeking medical treatment, aesthetic enhancement, or preventative care, WMC is your trusted global healthcare destination.

OR

World Medical Corporation (WMC) combines the most highly regarded global healthcare professionals and technologies with innovative, patient-centered care. WMC provides clientele with world-class experienced specialists, and develops individualized care plans focusing on total body wellness, confidence, and satisfaction.

When you choose WMC, you will receive a comprehensive assessment by an established internationally-renowned team of experts. Our highly-skilled team will help you identify your unique needs and develop an individualized plan that meets those needs. Whether you are seeking to pursue advanced medical therapies or aesthetic procedures, or want to discover preventive measures to promote overall health and wellness, WMC is committed to being your trusted source for full-service, holistic health care.

Our Departments

Welcome

Our Aesthetic Treatments

Aesthetic department focuses on helping clients achieve their beauty, confidence, and sophistication through advanced techniques such as facial and body rejuvenation procedures. They offer a wide variety of treatments, including Hydra facial, cosmetic treatments, laser hair removal and more. The aesthetic specialists at WMC are highly qualified and have extensive experience in the area of aesthetics. Each patient is carefully assessed and a personalized, comprehensive treatment plan will be developed based on their individual needs to enhance and improve their look.

With cutting-edge technology, WMC can provide highly effective treatment options for all patients that are minimally invasive, safe, and comfortable. All patients will schedule an initial consultation with an Aesthetic Specialist, during which time the patient will discuss their aesthetic goals, and WMC will create a plan to achieve those goals. WMC wants to ensure that the patients have a pleasant, stress-free experience while undergoing their aesthetic transformation. They strive to provide all patients with the best possible outcome to achieve beautiful, healthy, and radiant skin.

Laser Hair Removal

Say goodbye to unwanted hair with our advanced laser hair removal technology. We use highly efficient and skin-safe systems suitable for all skin types, ensuring long-lasting smoothness with minimal discomfort.

Cosmetic Treatments

Boost your confidence with our range of cosmetic treatments performed by skilled professionals using top-grade products and advanced techniques.

Hydra Facial

Give your skin a deep, refreshing cleanse with our signature Hydra Facial treatments.

This multi-step, medical-grade facial detoxifies, hydrates, and brightens the skin for an instant, radiant glow.

Urology Services

Our Urology Department provides advanced diagnostic and therapeutic solutions for many urological needs affecting male reproductive and urinary systems. We provide a full range of advanced diagnostic tests and treatment options, both minimally invasive and complex surgical procedures, providing treatment options targeting functional, aesthetic, and wellness needs.

We will provide you with the highest quality of care through a person-centered, evidence-based approach, combining the expertise of our certified urologists with our multidisciplinary medical team that is focused on providing clinical excellence through Innovative Care. Each treatment plan focuses on promoting patient comfort, safety, and achieving the best possible health outcomes.

Treatments range from treating urinary tract disorders, prostate diseases, kidney and bladder diseases, male infertility, urinary stone disease, to sexual health issues. Many of our non-invasive treatments aim to improve function, increase comfort, and

help maintain long-term wellness through advanced technology to regenerate tissue, strengthen tissue tone, and provide structural support.

From restoring confidence and improving quality of life to managing complex urological issues, the WMC team is dedicated to providing individualized care tailored to your unique health needs. Our goal is to help you achieve lasting wellbeing through modern, compassionate, and comprehensive urological care.

Urology Consultations

Meet with our experienced urologists for expert evaluation, diagnostic testing, and personalized treatment plans tailored to your specific condition.

Lab Test & Diagnostic Services

Timely and accurate results are essential for quality medical care. Our fully equipped laboratory offers a wide range of testing services.

General Practitioner (GP)

General Practitioners (GPs) provide comprehensive, compassionate care for you and your family. As your first point of contact for everyday healthcare, GP services at WMC cover many medical needs, so your health and well-being are our highest priorities.

Pediatrics

We specialize in providing compassionate, family-centred care to infants, children and teenagers. At WMC, we want to make sure that your child receives the highest possible quality of care in a supportive environment. Our GPs are trained in all aspects of pediatric health care, from routine check-ups and vaccinations to regular growth monitoring and illness management.
