

WMC – Worldwide Medical Center

We blend state-of-the-art medical technology, with compassionate, patient-focused care. Our team of specialized doctors, certified technicians, and reliable healthcare professionals, are devoted to providing you with world-class treatment in a variety of medical and aesthetic services.

Your health, confidence, and comfort are our top priority.

Our Services

Aesthetic Services

Aesthetic encapsulates the essence of visual style and emotional resonance, defining the beauty, mood, and significance of something.

- **Laser Hair Removal**
Experience smoother skin with our state-of-the-art laser technology designed for all skin types.
- **Cosmetic Treatments**
From skin rejuvenation to anti-aging solutions, we offer customized cosmetic procedures that deliver visible, long-lasting results.
- **HydraFacial**
A deep-cleansing, hydrating, and revitalizing treatment that enhances skin glow, smoothness, and clarity.

Urology Services

Providing thorough, specialized and confidential care for all issues related to urology that are tailored to your needs.

Urology Consultations

Full and thorough evaluations performed by professionals to assist with the early detection and diagnosis of urological issues, as well as the proper management of those issues.

Lab Testing

Comprehensive diagnostic lab testing that assists with identifying your problems accurately, along with providing a basis for the personalized treatment you will receive.

General Practitioner Services

Our GP department offers a comprehensive range of services including primary care, preventive health consultations, medical examinations, chronic disease management, and daily health care for individuals and families.

Pediatrics

Compassionate pediatric care for infants, children, and adolescents. Whether routine examinations or managing illnesses, our pediatricians are committed to your child's healthy development.

Why Choose WMC?

Expert Medical Specialists

Our team includes highly qualified doctors and practitioners with years of international experience across multiple medical fields.

Advanced Technology & Modern Facilities

We use cutting-edge diagnostic and treatment equipment to ensure safe, accurate, and effective outcomes.

Patient-Centered Approach

Every patient is unique. We design personalized treatment plans that match your specific needs, goals, and lifestyle.

Comfort, Privacy & Safety

From consultation rooms to treatment areas, every corner of WMC is designed to provide comfort, confidentiality, and world-class clinical standards.

Comprehensive Care Under One Roof

Whether you need aesthetic services, urology care, pediatric support, or general medical treatment WMC offers a complete healthcare experience in one location.
